ARTIGIANO DESIGN

# FINALLY A REAL INNOVATION IN THE CABINETS INDUSTRY

Welcome to Artigiano Design, where innovation meets craftsmanship in the world of cabinets. After years of dedicated research and development, we are thrilled to unveil our latest breakthrough in the market. Introducing our revolutionary wood-free boards, a game-changer in cabinet design. Our team of skilled artisans has engineered a material that not only replicates the natural beauty of wood but also surpasses its limitations. These cutting-edge cabinets are resistant to weather, insects, and even fire, making them the ultimate choice for high-end garage, outdoor, and balcony furniture.

At Artigiano Design, we believe in pushing boundaries and redefining what's possible. Our wood-free cabinets embody this philosophy, delivering a combination of durability, functionality, and aesthetics that were previously unimaginable. Gone are the days of worrying about weather damage or pesky insects wreaking havoc on your furniture. With our innovative approach, we have unlocked a new realm of possibilities, where design meets resilience. Experience the epitome of elegance and craftsmanship with our wood-free cabinets, meticulously crafted to elevate your living spaces to new heights.
# WHY OUR CABINETS ARE SO UNIQUE?

## Artigiano Weather-Resistant Board - Exclusive

We understand the challenges posed by outdoor environmental conditions, which is why we have carefully selected ultra-strong weather-resistant aluminum board as our primary material.

When our R&D team started focusing on products for outdoor use, such as summer kitchens, balconies and garages, we realized that the material for cabinet construction needed to meet both outdoor performance requirements and indoor aesthetic standards.

Ordinary aluminum cabinets often utilize hollow aluminum honeycomb panels, lacking customization options and falling within the mid-range market. To position Artigiano Design as a leader in the middle and high-end segments, we sought a superior substrate.

After numerous experiments, we proudly present our aluminum Artigiano Weather-resistant Board. This solid substrate offers the same workability qualities as ordinary particle board, MDF or plywood, if not better. Its patented nail grip enables seamless application in panel furniture production and batch customization.

We have incorporated a unique modified PVC foam formula to create a sandwich layer. Coupled with aluminum plates featuring composite fluorocarbon coatings, our multi-layer board solves issues of mildew and deformation while offering moisture protection, fire resistance, sun protection, insect repellence, mildew resistance, and antibacterial properties.

Moreover, thanks to the fluorocarbon coating, our aluminum board remains unaffected by long-term exposure, eliminating concerns of discoloration.

# WHY DO WE USE FLUORCARBON COATING?

**ARTIGIANO DESIGN**

FLUORCARBON COATING

Fluorocarbon coating, also known as polyvinylidene fluoride (PVDF) coating, is a type of high-performance paint or coating commonly used in various sectors including AUTOMOTIVE, AEROSPACE, MEDICAL EQUIPMENTS and MARINE industries.  It is renowned for its exceptional durability, weather resistance, chemical resistance, and UV protection.

Fluorocarbon coatings offer several advantages when used on furniture. Firstly, they provide a long-lasting finish that retains its color and gloss even after prolonged exposure to sunlight and harsh weather conditions. This makes it an excellent choice for outdoor furniture that requires protection against fading, discoloration, and degradation caused by UV rays.

Secondly, fluorocarbon coatings exhibit outstanding resistance to water, moisture, and chemicals, making them suitable for furniture that may come into contact with spills or require regular cleaning. They create a protective barrier that helps prevent stains, corrosion, and deterioration, extending the lifespan of the furniture.

Lastly, fluorocarbon coatings offer a smooth and even surface finish, enhancing the aesthetic appeal of furniture. They provide a sleek, glossy appearance that can elevate the overall look and feel of the piece, adding a touch of elegance and sophistication.

Overall, fluorocarbon coatings are considered a high-quality paint option for furniture, especially for those exposed to outdoor environments or areas where durability and long-lasting performance are essential.

# Specification Guide
## Outdoor
## Kitchen Cabinets

Artigiano Weather-Resistant Board - Exclusive

## Style and Construction

- All standard doors, drawers and cabinet boxes are manufactured from 20g 304 stainless steel or choose to upgrade to 316 marine grade.

- European frameless, solid top construction with full overlay doors.

- Standard 30" high cabinet boxes plus 4.5" leveling legs adjustable from 3.75" to 5.75" or 2" to 3.25" ADA leg heights.

- Cabinet depths are standard 27.88" or optional 24.88" which includes 7/8" for drawer(s) and door(s).

- Concealed door hinges, full extension, soft-close drawer glides on residential projects.

- Magnetic door closures and rain gaskets are standard on cabinetry.

- #2 matte finish interior standard on Stainless Outdoor Kitchen cabinets.

- #4 brushed finish interior standard on Brown Jordan Outdoor Kitchen cabinets.

## Cabinet Options

- Shelving options: half depth standard, full depth, roll out or heavy duty available. Incremental 3" widths starting at 9" and heights starting at 12".

- Available in a variety of door style options.

- Powder coated finishes in solid colors along with woodgrain and stone looks.

- Finished backs and sides are available for stand alone island installations.

- Pre-cut access holes to accommodate plumbing, electrical and required ventilation.

22.438

22.438
# Storage Base Cabinets - Drawer Specifications and Volume
### Small Wrap

For drawers 6.13h - 8.5h

Height = 2.71

Width = (Cab Width) - 3.82
Depth = 21.05

### Medium Wrap

For drawers 8.63h - 10.5h

Height = 4.71

Width = (Cab Width) - 3.82
Depth = 21.05

### Large Wrap

For drawers 11h+

Height = 6.71

Width = (Cab Width) - 3.82
Depth = 21.05

### Full Wrap

For drawers 29.75h

Height = 11.96

Width = (Cab Width) - 3.82

Depth = 21.05

Note: Subtract 3.82" from cabinet width to determine drawer wrap width. Drawer depth remains the same regardless of cabinet width.

# Side Burner Base Cabinets

• Side Burner bases available in widths from 12" to 30".

• Side Burner Base specified MUST be 3-6" larger than the Side Burner cutout (i.e. 13"W side burner cutout requires a 15-18"W side burner base).

• OBBxxxx LOW base specified MUST be 7.5" larger than the Power Burner cutout (i.e. 22.5"W power burner cutout requires a 30"W OBB3002 LOW power burner base).

• Factory installed trim kits designed to accommodate all manufacturers.

• OBB appliance cabinetry accommodate all electrical, plumbing and gas necessities.

3.0

8.5

10

Centered

Top View

Front View
There are two side burner (OBB) cabinet styles - one placing the burner at countertop level and the recessed cabinet (LOW) placing the burner 7" below the countertop.

The recessed cabinet offers more convenience for stock pot cooking.

The LOW cabinets have a larger trim kit than normal. The appliance cutout MUST be 7.5" less than the cabinet width. Ex. for an OBB2702 LOW the appliance cutout must be 19.5"W or less.

# Bartending Center Base -OBCxxxx

• Available in widths from 15" - 39" in 3" increments.

• Factory installed trim kits individually designed to accommodate all Bartending and Refreshment/Prep Center manufacturers.

• Bartending Center Base specified MUST be 3-6" larger than the specified cutout width (i.e. 30"W cutout, 33-36" Bartending Center Base).

• Some Bartending/Prep Stations require a deeper cutout and shelf height (11"H). This is denoted with a "D" suffix. Example: OBC3602D.

60
# Grill Cabinets -OGBxxxx

• Available in widths from 30" - 62".

• Factory installed trim kits individually designed to accommodate all grill manufacturers.

• Cabinets available for additional cooking appliances such as range cooktops and Evo Grills.

• Grill Base or Grill/Warming Drawer Base specified MUST be 3-6" larger than the cutout width (i.e. 30"W grill cutout, 33-36" grill base).

• Some grill manufacturers (Wolf, Twin Eagles, Fire Magic) require a deeper cutout (11"H). This is denoted with a "D" suffix. Example: OGB4802D. Danver also offers an even deeper cutout and shelf (12.5"H). This is denoted with a "W" suffix. Example: OGB4802W. This shelf height is also needed when using a .75" countertop with a deep grill cutout.

• Pellet and charcoal smokers typically require a very large cutout and shelf (18.5"H) This is denoted with a "HB" suffix.

Top View

Front View
# Grill Cabinets - Shelf Height & Cutout calculation

- Appliance Cabinet cutout height requirement is calculated as: **Shelf Height PLUS Counter Top Height MINUS Manufacturer Cutout Height.** If this calculation is a negative number, a cabinet with a deeper Shelf Height must be used. See example below for sizing.

- OBC/OBB/OGB/OGWxxxx standard appliance base **shelf height is 9.75"**

- OBC/OBB/OGB/OGWxxxx**H11** appliance base **shelf height is 11"**

- OBC/OBB/OGBxxxx**H12.5** appliance base **shelf height is 12.5"**

- OGBxxxx**H15.5** grill base **shelf height is 15.5"**

- OGBxxxx**H18.5** grill base **shelf height is 18.5"**

# Post and Panel System  - PPS SUPPORT MID, END

| Product Description |
| --- |
| PPS – Post and Panel System: Using a combination of supports, spacers, and panels you can create countertop space without the additional cost of doors or drawers.  These parts assemble to be stand-alone units or connect with base cabinets.  Ideal for multi-family spaces, the supports can also be brought down to ADA compliant height with our available ADA legs. Panels can be made to match any door style. |
| 36"H versions of all PPS parts are available as well, with an extra option of 18"D.  36"H PPS parts are designated with a -TALL at the end of the SKU. |

| 27" Depth SKU | Description |

# Post and Panel System - PPS SPACER

| Product Description |
|---|
| Spacers consist of 3 panels that connect supports to each other, support to cabinet, or cabinets together.  Finished panels hang over the spacers and supports for an even look, so specify panels based on total width of span. The finished panels are ¾" thick and sit flush with door/drawer fronts on cabinets as well as back panels if they are used. |

Ex: OSHxxP

| Part Name | Description | Part Usage Summary |
|---|---|---|
| FSxxB | Floating Shelf | Wall mounted shelf with floating appearance to match cabinet fronts |
| OAF90 xx | Angled Front Filler 90 degrees | Front corner filler to attach two sides of L-shaped run |
| OAR90 xx | Angled Rear Filler 90 degrees | Rear corner filler with post, fills void and provides countertop support |
| OBPVGFxx | Back Panel Vented Galvanized | Applied to cabinet back as attachment point for Equal Back Panels |
| OBPVxx | Back Panel Vented | Finishes back of appliance cabinet, .75" depth |
| OBPxx | Back Panel (Non-vented) | Finishes back of non-appliance cabinet, .75" depth |
| OBX | Box Column | Used between two undercounter appliances as countertop support |
| OBXF | Box Column Filler | Skin that connects over front and back of OBX to increase width |
| OCPS | Countertop Pier Support | Used to create a bar area behind cabinets |
| OCS | Countertop Support | Support between cabinet and refrigerator box column |
| OFE xxL/R OCS | Flush End Left/Right for OCS | Notched for use on cabinet with OCS countertop span applied |
| OFExxL | Flush End Left | Applied to cabinet next to undercounter appliance or to end run |
| OFF | Full-Height Door Filler | 4" deep cabinet with no back wall for easy access to area behind |
| OFL | Filler Rear | Used between two cabinets to fill rear space, .75" minimum |
| OFLA | Front Filler Adjustable | Filler that can be adjusted as needed, seam in middle |
| OFLF | Filler Front | Used between two cabinets to fill front space, .75" minimum |
| OFLFxx END | Filler Front End | Used to end run: one side attaches to cabinet, other to wall |
| OFTS | Fridge Top Spacer | Fills void between countertop and top of undercounter appliance |
| OPP | Propane Pullout Shelf | Used in opening under door appliance base to hold propane tank |
| ORP | Refrigerator Box Column | Ends run and supports countertop next to undercounter appliance |
| ORPS | Refrigerator Panel Skin | Connects over an ORP to increase depth |
| ORS | Refrigerator Spacer | Spacer for undercounter appliance, pick size .25" larger than cutout |
| OSHxx | Half-Depth Shelf | Additional shelf for standard bases, 15" deep |
| OSHxxP | Pullout Shelf | Used under door side of appliance base for easy access storage |
| OSHxxxx | Full-Depth Shelf | Additional shelf for standard bases, 24" or 27" deep |
| OSP KW | Side Panel Key West Door | Decorative panels to match any door front style (Venice, Louver, etc.) |
| OSP xxL Extend | Side Panel Left Extended | Extends past cabinet back to cover gap between wall and cabinet |
| OSPxxL | Side Panel Left | Applied to end of run to finish cabinet side |
| OTKx | Toe Kick | Black composite material to cover legs: 2", 4.38", and 6" heights |
| OTPxx | Trash Pullout | Used to convert standard door to trash pullout for base cabinets |

KW PANEL EQUAL BP VENTED

| Product Description |
|---|
| Equal Back Panels: ¾" Thick back panels for base cabinets made to match any door style. Widths 24"W – 36"W, custom made to equally span across a run. Must be ordered with OBPVGF galvanized filler back panels on corresponding cabinets for proper installation. Vented or non-vented depending on what cabinets they are being installed on. |

Notes: When used with OSP finished side panels, choose the depth of the cabinet with back panels (ex: OSP 28.63 for 27.88"D cabinets).
When using Equal Back Panels with an OAR corner setup, one side will overhang by .75" to meet up with the equal panels on the other side.

# Cabinet Accessories - Extended Equal Back Panels
| Product Description |
|---|
| EQUAL BP HM PANEL EXTEND VENTS or NO VENTS: 3/4" thick back panels for base cabinets that extend above cabinet tops. Height does not scale with countertop height, panels end 6" or 8" above the cabinet tops without any countertop. Widths 24"W - 36"W, custom made to span equally across a run. Must be ordered with OBPVGF galvanized filler back panels on corresponding cabinets to install. Vented or non-vented depending on cabinets installed on. |

Notes: When used with OSP finished side panels, choose the depth of the cabinet <u>without</u> back panels. (Ex: OSP 27.88L or R for 27.88"D cabinets). When using Extended Back Panels with an OAR corner setup, one side will overhang by .75" to meet with equal panels on other side

6.00" or 8.00" depnding on chosen SKU

| SKU | Description |
|---|---|
| EQUAL BP HM PANEL EXTEND 6 | Finished equal back panels that extend 6" above cabinet tops. |
| EQUAL BP HM PANEL EXTEND 6 VENTS | Finished vented equal back panels that extend 6" above cabinet tops. |
| EQUAL BP HM PANEL EXTEND 8 | Finished equal back panels WITHOUT VENTS that extend 8" above cabinet tops (ADA height). This back panel can ONLY be used with the OCPS41 countertop support pier. |
| EQUAL BP HM PANEL EXTEND 8 VENTS | Finished equal back panels that extend 8" above cabinet tops (ADA height). This back panel can ONLY be used with the OCPS41 countertop support pier. |

# Cabinet Accessories - ADA Extended Equal Back Panels

OBP36 ADA EXTEND 6

| Product Description | |
| --- | --- |
| OBPXX ADA EXTEND VENTS or NO VENTS: 3/4" thick back panels for ADA base cabinets that extend above cabinet tops. Height does not scale with countertop height, panels end 6" or 8" above the cabinet tops without any countertop. Fits exact width of cabinet up to 39"W, wider cabinets use two smaller equal back panels. | |

OBPV36 ADA EXTEND 8

**Note:** These are to be used when there are extended height equal back panels being used in a run, in conjunction with an ADA Sink Base.

Galvanized back panels are not needed for application.

The EXTEND 8" panels are for an ADA application that uses OCPS41, 41E, 41-12 and 41-12E piers for use with barstools. If not using barstools, the EXTEND 6" on it's own, or paired with OCPS41 will work.

# Cabinet Accessories - Undercounter Appliance Spacers: ORS
EXAMPLE:
ORS24.25 used as a spacer, creating an opening for an appliance, attached between a cabinet and an ORP column.

ORS Brace ships with the ORS. OFE Appliance panel(s) must be ordered to install the brace. If OFE Appliance panel(s) is not ordered the brace can be discarded, but the customer must secure the ORP.

| Product Description |
| --- |
| ORSxx: Rear vented spacer panel used to "lock-in" exact size opening for undercounter appliances. Used as a back panel for undercounter appliance space when needed. |
| Available in 1/8" increments, custom widths available, contact Sales for information. Brace is 8" deep and matches width of spacer. |
| Non-Vented versions of all sizes are available. |
| Attaches between two cabinets, two ORP or OBX columns, or a cabinet and ORP or OBX. |

# Cabinet Accessories - Countertop Span Support: OCSxx

Note: **OCS countertop support spacers are cut 1.5" longer than size listed.** They are designed to fit inside OFE XXL/R OCS by .75".

Ex: OCS30 supports are cut to **31.5" long**.

| Product Description |
| --- |
| The OCS Brace Kit is used to support countertop material. The three 1.58" x 1.58" square aluminum extrusions insert .75" into each adjacent cabinet using an OFE XXL/R OCS (flush finished side panel ready to receive the OCS kit see). The kit can only be used in between two cabinets, the minimum allowable width of the cabinets is 12" wide for proper structure and support. |
| *While the extrusions are durable, our company does not warranty that the Brace Kit will prevent countertop from cracking. Please refer to your countertop fabricator to verify usage with particular countertop material.* |
| **If using an OCS to end a run, choose a small 12" wide cabinet like OBF1201 or OBD1211 then finish the side using an OFE OCS part. (See OFE XXL/R OCS on page 141)** |

# Miscellaneous - Handles

## Standard Handle

| Product Description |
| --- |
| All Kitchens cabinets come drilled and<br><br>assembled with our standard stainless steel handle unless otherwise noted on the order. 6" center to center.<br>NOTE: Pulls can be powder coated any finish except wood grain finishes using the PC HANDLES part. |

## Overlay Panel Handle

| Product Description |
| --- |
| All<br>Kitchens overlay panels come drilled for our standard stainless steel overlay handle unless otherwise noted on the order. 12" center to center.<br>NOTE: Handles can be powder coated any finish except wood grain finishes using the PC HANDLES part. |

NOTE: For use on appliance overlay panels only

# Miscellaneous - Standard Handle Placement

## Wall Cabinet handle placement

Vertical wall cabinet handle placement is the same as base cabinets but at the bottom of each door.
### Hampton (slab) handle placement

Note: Vertical knob hole placement is is 1.56" from door top, 2.19" from side. Horizontal knob placement is centered on the door in the same location as pulls from the top.
Hampton Drawer handle placement will match door placement. Smaller slab drawers under 7"H will be centered.
### Key West handle placement

Note: Louver, Beadboard, Palm Beach, London, Newport, and Rio style doors have the same handle placement as Key West.

Key West drawer handle placement will match door placement. Smaller slab drawers under 7"H will be centered.
### Venice handle placement

Venice drawer handle placement will match door placement. Smaller slab drawers under 7"H will be centered.

# Miscellaneous - Pull Tab Handles

| Product Description |

# Miscellaneous - Appliance Overlay Panels

Appliance

Hampton Overlay Panel

| Product Description |
|---|
| Panels made to match any door/drawer style for most outdoor rated panel ready appliances such as refrigerators, ice makers, beverage centers, etc. Glass door frames in the Key West or Rio style are also possible. Please submit manufacturer specifications for panel(s) when requesting a kitchen quote.<br><br>Example SKU:<br>True 15 URB-LH. This panel is used for a True 15" refrigerator, Hampton (slab) door style, left-hinged.<br><br>***Overlay panels are made at 29.75"H to match our cabinet fronts. Because every appliance is different, Overlay panels may mount higher or lower on the appliance door to stay aligned with the adjacent cabinet doors. Overlay panels are manufactured without mounting holes and will need to be drilled on-site.***<br><br>NOTE: No Locks Available for Overlay Panels |

## Modification of Standard Legs

Standard legs can be modified if the cabinet needs to sit below our standard minimum leg height (i.e. ADA application). This modification will allow the legs to be at a reduced height but still afford the ability for adjustment, ensuring correct leveling of cabinets.

Refer to the Cabinet Installation Instructions for complete information.

# Wall Cabinets

- Available in 3″ increments from 12″ to 48″ wide.

- Standard heights range from 15″ to 42″.

- Cabinet depth is 13″ (13.88″ including door).

- Two doors are furnished with cabinets from 24″ to 48″ in width.

- Includes 0-3 shelves depending on the height of the cabinets: **15"H**=no shelf, **18-24"H**=1 shelf, **30-36"H**=2 shelves, **39-42"H**=3 shelves.

- Wall units require **PVC CLEAT** material on top and bottom notches to be hung.

- Every wall cabinet comes with:

  - top and bottom finished panels

  - standard stainless bar pulls

- The wall cabinet line includes diagonal corner and blind corner wall cabinet options.

- Finished side panels are optional and are available in two configurations:

  - Flush to the cabinet side (WFE) or .75″ thick panel flush to the face of the door (WSP). Doors may be ordered in different styles or open for glass (OFG).

  - Wall cabinetry may also be fitted with standard or stainless legs and used as shallow depth base cabinets (accessory part name: WALL LEG KIT).
# Wall Cabinets & Accessories: Nomenclature

• All Wall cabinets use specific nomenclature designed to help you find the specific type needed. • Wall cabinets and Wall accessories begin with **"W"**.

• Standard wall cabinet depth is 13".

• Specify "**-24**" after the part number for 24" depth cabinets. Example: **WS2421-24**.

# Island Insert Cabinets

Designers and builders of masonry island kitchens are now offered a complete line of door, drawer/door, drawer combinations and pullout cabinetry to construct a totally functional kitchen. The line features the optional Clean-Stor® box that attaches to door fronts to create useful storage and organization. The Clean-Stor box eliminates the infamous "masonry black hole" that lurks behind access doors. The steel construction is superior to presently used insert materials that are subject to warping, rotting and mildew. The Clean-Stor box comes with a shelf and provides clean dry storage.

Doors exhibit the same stainless quality, "heft & weight" and solid close as the modular cabinetry line allowing additional design flexibility by using both lines to create the ideal kitchen while retaining a consistent "look". Door and drawer faces can be upgraded to any door style and be powder coated to compliment your outdoor kitchen.
The insert line includes:

- One and Two Drawer Units

- Door and Drawer Combination Units

- One and Two Door (and frame) Units

- Paper Towel Dispenser

- Trash and Propane Pullouts

Access Door Inserts may be purchased with just the frame and doors or combined with the "Clean-Stor" box as a complete unit.
